PRESENTACIÓN

El propósito principal de un Boletín de Sumarios es la máxima difusión de la información actualizada que proporcionana las publicaciones periódicas. El Boletín de Sumarios del COEC reúne, mensualmente, los sumarios de las revistas de Odontoestomatología y de materias afines que se reciben en la Biblioteca.

En cada número se da la relación de los títulos de estas revistas a continuación de la presentación. Los sumarios estan ordenados, en el Boletín, alfabéticamente por el título, siendo también accesibles por la materia general de la revista mediante el Indice de Materias del Boletín.

Esta compilación bibliográfica permite aproximar el perfil de interés del lector al contenido de las principales publicaciones periódicas de Odontoestomatología, sin necesidad de estar suscrito a ellas. Todas las revistas relacionadas se encuentran en la Biblioteca, de manera que el usuario puede pedir, si le interesa, copia de cualquier artículo citado.

Optic nerve (cranial nerve II)

Fantastic new facility opened p56

MPs focus on child dental health
p57

BDJ

BRITISH DENTAL JOURNAL
incorporating DENTAL BUSINESS

COVER IMAGE

OPTIC NERVE (CRANIAL NERVE II)

The cover images in volume 211 of the Journal depict the 12 cranial nerves, showing both their origin in the brain and the areas that they innervate. This issue's cover features the optic nerve, which transmits visual information to the brain.
